September 5, 2008

Holly Christmann
Hamilton County SWMD
250 William Howard Taft Rd.
Cincinnati, OH 45219

Dear Ms. Christmann:

As permitted by Section 343.01 of the Ohio Revised Code, the Stark-Tuscarawas-Wayne Joint Solid Waste Management District (STW District) incorporated rules into its current Solid Waste Plan Update. As of June 1, 2009, no Solid Waste Facility, as defined in Ohio Revised Code 3734.01(N), within the STW District will be permitted to accept waste originating in another solid waste district or authority unless the originating district or authority meets or exceeds the STW District's Recycling Standards as explained in Rule 9.04 (see enclosed).

To prepare for this start date, your solid waste district or authority must complete and return the enclosed application. The application will be used to determine the average recycling rate and/or access percentage of your district or authority for the previous three consecutive calendar years, beginning in 2005. This information will be used to ascertain if waste originating in your solid waste district or authority will be permitted in the STW District after June 1, 2009.

It is important that you complete and return the enclosed application and \$100 application fee if your solid waste district or authority wishes to be considered for approval for waste disposal in the STW District. The application materials are also available on our website at www.timetorecycle.org under "Publications". The application is to be postmarked for delivery to our office no later than **Monday, November 3, 2008**.

If you have any questions regarding this process, please feel free to call David Held at **1-800-678-9839**.

Sincerely,

David J. Held
Executive Director

Rule 9.04 Prohibition or Limitation of Out-of-District Wastes

No Solid Waste Facility within the STW District shall accept waste originating in another solid waste district or authority within the State, unless such originating district or authority meets or exceeds the STW District's Recycling Standards. Each originating district or authority's recycling standard is either: (1) the percentage of waste recycled in both (a) the residential/commercial and (b) industrial waste streams; or (2) the access percentage; as is set forth in each respective district or authority's Ohio EPA approved report. For the purpose of this Rule, the STW District Recycling Standards shall be the percentage of waste recycled within the STW District in each category (residential/commercial and industrial), or the access percentage, as established by an average of the STW District's Ohio EPA approved reports for the previous three (3) consecutive calendar years, beginning with the baseline year of 2005. The STW District Recycling Standards will be adjusted accordingly on an annual basis. This Rule 9.04 will be effective January 1, 2008. Nothing in this Rule shall impair any third party's contract rights in existence at the time of the adoption of Rule 9.04.

Rule 9.04 will cease to have effect on December 31, 2010, unless the Board affirmatively acts to renew the Rule, provided that the Board has the written authority from the Ohio EPA to amend, rescind, or adopt rules governing the STW District as of December 1, 2010. If the District is not so authorized as of December 1, 2010, Rule 9.04 shall remain in effect.

STARK-TUSCARAWAS-WAYNE JOINT SOLID WASTE MANAGEMENT DISTRICT
APPLICATION FOR APPROVAL TO USE
STW SOLID WASTE FACILITIES

Title: _____

E-mail: _____

If you or any of your governmental entities have pre-existing hauling contracts dated prior to November 6, 2006, please list below and see our website at www.timetorecycle.org for a waiver application:

- 1) Are the goals of your solid waste district based on recycling accessibility (Goal #1 of the Ohio Solid Waste Management Plan [OSWMP]) or percentage of waste recycled (Goal #2 of the OSWMP)?

- 2) If your goals are based on recycling accessibility, attach a separate sheet listing the location of your curbside and drop-off programs, the population of the entities, and the population with access, as determined by *Ohio Administrative Code 3745-27-90 – Standards for Solid Waste Management Districts*.

3) If your goals are based on percentage of waste recycled, list the percentage of waste recycled in your district for the following years, as posted by the OEPA in their Annual District Report Forms for 2005, 2006 and 2007. Please include copies of the pertinent pages of the ADRs from your district.

Residential/Commercial

Industrial

2005: _____

2005: _____

2006: _____

2006: _____

2007: _____

2007: _____

4) To calculate the average percentages, total the rates in each column and divide the sum by three (3).

Sum of Residential/Commercial rates for 2005-2007:
(Total the rates from question 3 for Residential/Commercial)

Sum of Residential/Commercial rates divided by 3:
(This is your Average Residential/Commercial rate for 2005-2007.)

Sum of Industrial rates for 2005-2007:
(Add the rates from question 3 for Industrial.)

Sum of Industrial rates divided by 3:
(This is your Average Industrial rate for 2005-2007.)

5) Return the following postmarked no later than Monday, November 3, 2008.

- Application (Pages 1 & 2)
- List demonstrating compliance with Goal #1 of OSWMP
- Applicable pages from 2005, 2006 and 2007 Annual District Reports
- \$100 application fee made payable to: *STW Joint Solid Waste District*.
